## ABOUT US

**MOST BUYS LLC** is a Service Disabled Veteran Owned Small Business with extensive experience in providing a wide range of IT services. We specialize in computer systems design, computer training, technical and trade schools, and electronic and precision equipment repair and maintenance. Our team of highly skilled professionals has successfully completed projects for various government agencies and organizations, including the Department of State, Environmental Protection Agency, United States Department of Agriculture, National Aeronautics and Space Administration, and various Department of Energy National Labs. In addition to our IT expertise, we also have a strong background in other industries. Our team includes individuals with experience in aviation, specifically aircraft sheet metal mechanics, as well as physical security design, audio/video sales and design, commercial electrical work, and logistics. This diverse skill set allows us to take a holistic approach to meeting our clients' needs, ensuring that we can provide comprehensive solutions in various contexts.

## WHY CHOOSE US?

- We differentiate ourselves through our deep understanding of IT technologies and solutions, as well as our ability to effectively present, train, and demonstrate these technologies.
- We have a thorough understanding of IT device configuration and pricing, enabling us to offer competitive and cost-effective solutions to our clients.
